Whoopi Goldberg

disgraced comedy

**THEY'RE

# WHOOPI UNDER FIRE FOR CODDLING COSBY!

WHOOPI GOLDBERG is being slammed for staunchly defending Bill Cosby - even after it came to light the creep confessed under oath he used drugs on women he wanted for sex!

The View co-host should be canned by producers of the hit gabfest, blasts former supermodel Janice Dickinson, who claims she is one of Cosby's sex attack victims.

Whoopi stirred up a hornet's nest by saying, "In America - I know it's a shock - but you actually are innocent until proven guilty. He has not been proven a rapist."

### Sex allegations

The 58-year-old comedienne then tried to make a joke about Quaaludes, the prescription sedative Cosby admitted he used on women before bedding them. But the "joke" bombed.

Switching back to defending the comedy legend, 78, who is facing sex allegations from dozens of women going back decades, Goldberg added, "We'll see what happens as more information comes out. People will make judgments. I don't

Former supermodel Janice Dickinson (left) and onetime Temple University basketball czar Andrea Constand both accuse Cosby of drugging and molesting them

Her explosive remarks came the day after a previously-sealed deposition taken in a 2005 sex abuse civil suit filed by former Temple University women's basketball boss Andrea Constand, was released.

In the document, Cosby admitted under oath to giving Quaaludes to women before having sex with them. He

reached a confidential settlement with Constand.

Goldberg, who has also defended fugitive pedophile director Roman Polanski, instantly came under attack.

# MARIAH PUTTING MARRIAGE MOVES ON MONEY MAN!

**M**ARIAH CAREY brought billionaire beau James Packer to Las Vegas for a blow-out bash HE paid for and would've married him on the spot – if she were divorced from hubby Nick Cannon, reveals a pal.

“Mariah is head over heels for James,” says the source. “And she’s ready to elope the minute the ink is dry on the divorce papers.”

“She’s pushing Nick to settle the financial terms and custody of their twins as quickly as possible.”

The voluptuous diva, 46, and Australian hotel mogul Packer, 47, who is worth a whopping \$4.7 billion, went public with their romance in June when they took an island-hopping Mediterranean cruise aboard

his super-yacht, Arctic P.

But the trip got America’s Got Talent host Cannon, 34, hot under the collar and turned their pending divorce ugly, say sources.

“Nick says Mariah has been telling him she didn’t want their 4-year-old twins Monroe and Moroccan around girls he was seeing. Then she hightails it to Europe with the kids and some new guy,” explains a source.

“Nick was furious, and he’s ready to play hardball.”

Meanwhile, Mariah’s new romance is soaring. Packer spent thousands to shut down the rooftop deck of the ritzy

Mirage Villas in Sin City for a private party. “Mariah’s not only madly in love with James for who he is, but also for his

massive wealth and power,” says the pal.

“She can’t wait to be married to him and thinks eloping is very romantic. After all, she and Nick eloped in 2008.

“Now, she dreams of marrying James on his yacht far away from the spotlight.”

The songbird’s new love is a bright spot in what has been a rough year. Her concert performances have been panned, her

2014 album, *Me. I Am Mariah*, tanked, and her brother, Morgan, sensationally accused her of spiraling into a pill-popping nightmare of mental illness and alcohol abuse.

“Mariah says James has changed her life,” notes the pal. “It’s been a whirlwind of love, luxury and being spoiled to the max. There’s no way she’s going to let him get away.”

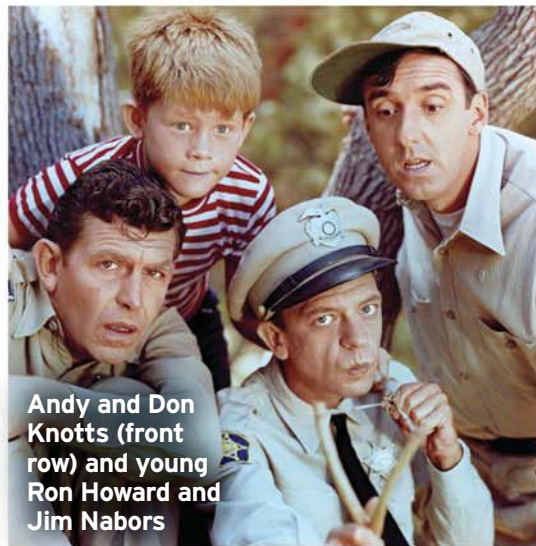

**T**V LEGENDS Andy Griffith and Don Knotts were best friends on and off screen for more than half a century – but their relationship was rocked by “explosions of violent temper” and “bouts of crippling neurosis.”

In an upcoming book, Andy and Don: The Making of a Friendship and a Classic American TV Show, Knotts’ brother-in-law Daniel de Vise rips the lid off beloved Griffith’s surprising secrets.

Griffith, who played Mayberry Sheriff Andy Taylor, starred in the top-rated CBS Andy Griffith Show that ran from 1960 to 1968.

According to a press release promoting the book, “Behind this sleepy, small-town charm, de Vise’s reporting reveals explosions of a violent temper, bouts of

Andy and Don Knotts (front row) and young Ron Howard and Jim Nabors

crippling neurosis, and all-too-human struggles with the temptations of fame.”

The show bore Andy’s name, but it was Knotts, who was Andy’s bumbling sidekick, Deputy Barney Fife, who got all the laughs. “That was bound to cause some tension,” says an insider.

Meanwhile, a GLOBE investigation also reveals “lovable” Griffith, who played the widowed father of Opie, portrayed by a young Ron Howard, was such a tyrant on set that he terrified other actors.

George Lindsey, who played Gomer Pyle’s goofy car mechanic cousin Gooper, claimed, “Most of us were deathly afraid of Andy.”

Griffith even admitted, “I have a fierce temper. If it’s not going the way that it should, I lose it.”

# FINALLY! TRUTH ABOUT ANDY GRIFFITH

He said he started seeing a shrink in the 1960s because he felt inadequate.

“I didn’t function as a total human being as a result,” he confessed.

De Vise’s book, to be published by Simon & Schuster in November, also chronicles the “unspoken rivalries” involving Knotts and Griffith, who first met on the Broadway set of No Time for Sergeants in 1958.

## Derailed

Knotts’ widow, Francey Yarborough, told GLOBE, “When Andy landed The Andy Griffith Show, Don called him up and said, ‘Hey, you need a deputy on that show!’ Andy said, ‘I sure do’ and that wonderful relationship between Andy and Barney Fife

was born.” But Knotts’ decision to quit the show at the height of its success in 1965 almost derailed their friendship.

“Andy and the others carried on for another three years but it wasn’t the same without Don,” an insider tells GLOBE.

At one point, Griffith – who died in 2012 aged 86 – had a terrifying nightmare that he strangled his old buddy and beat his face to a bloody pulp.

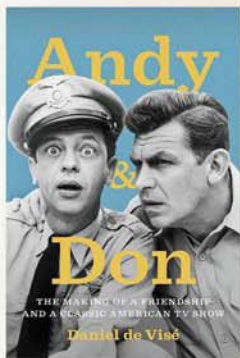

“I dreamed I killed Don Knotts. I really did,” he confessed in a 1986 interview.

The upcoming biography, described as both “provocative and entertaining,” also promises to rip the lid off Griffith’s “passionate affairs.”

His wife, Solica Casuto, accused him

The revealing new book was written by Knotts' brother-in-law, Daniel de Vise

actress Cindi Knight, whom he married in 1983.

Griffith found himself back in the TV spotlight as wily Atlanta lawyer Benjamin Matlock from 1986 to 1995 – and he became a lifesaver for Knotts.

After playing landlord Ralph Furley on Three's Company from 1979 to 1984, Knotts was stricken with sight-robbing macular degeneration and shut himself off from the world.

But Griffith rescued his old pal with a role on Matlock.

Any lingering problems there may have been between the men disappeared completely by the time of Knotts' 2006 death.

Griffith rushed from his home in North Carolina to be near his 81-year-old pal at the end at the UCLA Medical Center in Los Angeles.

Says one Hollywood insider, "We hope the author – even though he's Don's brother-in-law – is fair-minded and the book doesn't turn out to be a hatchet job that destroys Andy's wonderful legacy."

# EVIL CAMILLA CRASHES CHRISTENING!

**SCHEMING** Camilla ruined Princess Charlotte's christening party after threatening to create a commotion in front of the world's TV cameras if any Royal Family member tried to keep her from attending!

As **GLOBE** revealed in the June 15, 2015, issue, furious Prince William banned his evil stepmother from the ceremony after she insulted his wife, Kate, and called their 2-year-old son, Prince George, a spoiled brat.

But Camilla, 68, refused to bow out gracefully and turned up in husband Charles' limo for the July 5 service at St. Mary Magdalene Church on the Queen's Sandringham Estate. William and Kate, both 33, glared in shock over the Duchess of Cornwall's infuriating gall.

"But you could see the anger in William's eyes when he saw Camilla," says an eyewitness.

And a royal source tells **GLOBE** Camilla knew exactly what she was doing - trying to force the flat-broke royals

into meeting her demand for a \$400 million divorce settlement.

And worse was yet to come, say insiders. The Queen's tea party at Sandringham House following the ceremony was an alcohol-free event apart from a champagne toast to Princess Charlotte.

"But as soon as Camilla ar-

rived, out came a flask of gin and tonic," the insider says.

"Camilla couldn't be contained. In a sudden outburst, she accused the royals of trying to push her out - and vowed, 'You'll never get rid of me if you don't pay!' And that was the end of the party.

"Everyone started to leave, muttering their thanks for such a lovely day, but the truth is Camilla wrecked Charlotte's christening."

Camilla holds onto her hat and dress, but a wind gust lifts the rear, almost flashing her undies as she barges into the event

# KATE

**P**RINCE William and his wife Kate are determined to follow the lead of Hollywood royalty Brad Pitt and Angelina Jolie - by adopting a baby from Africa!

And it's thrown the Palace into total turmoil, say insiders.

"This would be a first for the Royal Family," says an insider. "William and Kate are going to face a lot of opposition from the old guard. But Kate is stubborn and knows how to stand up for what she wants."

The royal couple made the stunning decision after having tea with the screen superstars at Kensington Palace on June 26.

## Close to tears

During the visit, the couples talked about their mutual interest in wildlife conservation. Then the subject turned to the refugee crisis in the Middle East and Africa, says a source.

"Kate was close to tears as Angie talked about the plight of abandoned children in war zones," reveals the insider. "And when she heard about the orphanages full of kids who are frightened and alone, she decided to do something about it."

Kate - already mom to toddler George and new baby Charlotte - ran the idea past William.

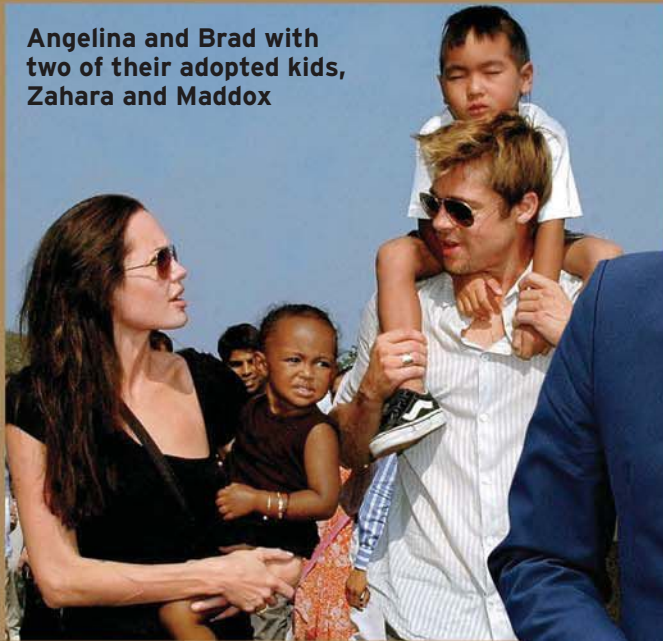

"It surprised William at first, but the more he thought about it, the more he liked it," says a pal. "He feels that if they adopt, others all over the world would be encouraged to help, too."

It would also be fulfilling a dream of William's late mom, Princess Diana, who talked

said to be looking into adopting from the poverty-stricken African nation of Angola, where Diana toured a minefield in 1997.

"They've been secretly checking out orphanages," says the pal. "The way they are talking, they might end up having a rainbow family like Brad and Angie.

"They still must persuade the royal establishment it's 2015 – and adopting is the right thing to do."

about adopting a baby from Africa before her tragic 1997 car crash death in a Paris tunnel.

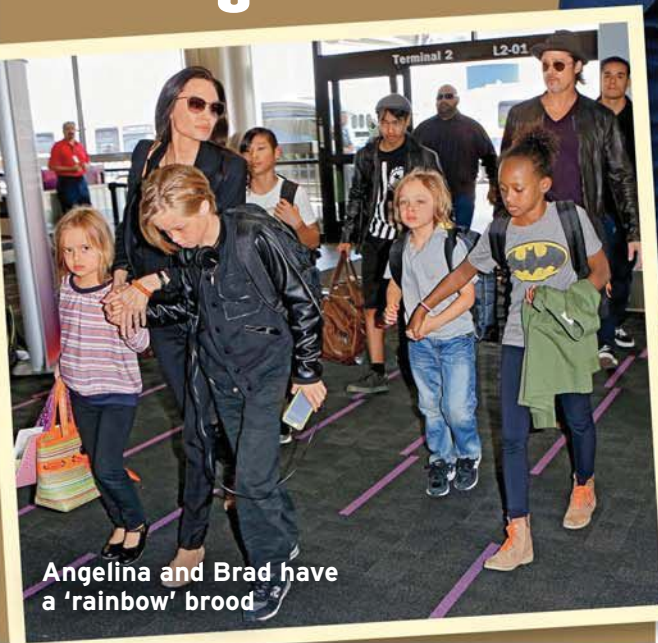

Of course, an adopted child wouldn't follow George and Charlotte in the line of succession to the Throne. Only blood relatives can become King or Queen.

## Lucky Austin Dillon **CHEATS** **DEATH** as car flips over & crashes

**N**ASCAR driver Austin Dillon miraculously survived a spectacular crash that disintegrated his car at Florida's legendary Daytona International Speedway. But he's not counting his blessings, he's fighting mad!

Fumes Dillon, 25, NASCAR's safety record is "not really acceptable" and he's urging officials "to figure out something" because "our speeds are too high."

The chilling wreck came at the finish line of the July 6 Coke Zero 400. When Denny Hamlin's car spun out – at 200 mph – he caused a chain

reaction. Dillon's No. 3 Chevrolet went airborne, flipping into a restraining catch-fence, which literally tore the vehicle apart!

What was left of the car eventually came to rest on its roof, only to be sent spinning when it was smacked by another out-of-control racer desperately dodging death.

"It was very vicious," recalls Dillon. "It's twisting you around in there, and the seat belts are loosening with each hit, so the hits are getting more and more violent...I held onto the steering wheel as hard as I could."

Crowd favorite Dale Earnhardt Jr. won the race, but an eerie silence fell over the speedway as pit crew members, emergency personnel and others ran toward Dillon.

Seconds later, amazed spectators roared with delight when a thumbs-up signal was flashed, and Dillon emerged from the wreck, incredibly walking under his own power.

But the driver was not happy about the ever-increasing dangers on NASCAR tracks.

"I think everyone could get good racing with slower

Fellow racer Ryan Newman is even more furious.

"NASCAR got what it wanted... cars getting airborne, unsafe drivers, same old stuff," he blasts.

But at least this chilling crash has a happy ending.

"I'm shocked that Austin Dillon is even alive," marvels racer Jimmie Johnson.

And Earnhardt, whose dad died on the same track in 2001, admits the crash put him "on the verge of tears."

"I saw everything in the mirror," he adds. "I was just scared for whoever that car was...the racing doesn't matter anymore."

# Tried Western medicine and still can't sleep? Now it's time you know about this ancient Chinese sleep wonder!

2,000 year old discovery is bringing real relief to sleep deprived adults

**Dr. Yan Ping Xu**  
Chinese Healer

Licensed acupuncturist, certified practitioner of acupuncture and Oriental medicine, and board certified herbalist based in Boca Raton, Florida. At her state-of-the-art clinic, Dr. Xu regularly treats other doctors and health professionals and is highly sought after by well-known sports figures, celebrities, politicians, and their families.

"If you're struggling to fall asleep...or stay asleep—you've probably tried just about everything you can get your hands on. But there's ONE thing I KNOW you haven't tried," says Dr. Yan Ping Xu, Chinese Healer. "It's the one thing that is going to put you out like a light—and keep you asleep during the entire night!"

For 16 years Dr. Xu has been using this 2,000 year-old Chinese sleep secret every day in her clinic in Boca Raton, Florida. "It amazes my patients—and they are so happy," she says. "I show my patients how to sleep and feel better by using their body's amazing Chi (pronounced 'chee')."

## What exactly is Chi?

"Chi is the Chinese word for energy," explains Dr. Xu. "You use it all the time—you just don't realize it."

"Every organ in your body has its own Chi to help you stay well," explains Dr. Xu. "When your total body Chi is in harmony, you experience good health. But when an organ's Chi is out of synch... well, your health is not good. And if you're not sleeping well, it's actually because your spleen Chi is out if balance."

"Getting it back in balance is the real key to healthy sleep," says Dr. Xu. "In Traditional Chinese Medicine your spleen is very important. It's like the central train station for your entire body. Every organ is affected by spleen Chi. When spleen Chi is not functioning properly you may experience fatigue, anxiety, worry, restlessness, and poor concentration. When you revitalize your spleen Chi, you not only sleep better, but your WHOLE body feels great."

## Fall asleep...stay asleep...wake up rested with Yi Fang

"You see, over 2,000 years ago, medical books show that when people had a hard time falling and stay-

ing asleep they didn't take dangerous sleep aids. They took Yi Fang. That's because Chinese herbalists knew Yi Fang helps restore vitality of the spleen! And when your spleen is back in balance—you have your best sleep ever," promises Dr. Xu.

The Chinese herbs in Yi Fang help put your Chi back in harmony so you can quiet a restless mind, fall asleep and stay asleep, and wake up refreshed. Japanese physician and expert Domei Yakazu says, "The Yi Fang spleen formula is especially effective for those who have been so worn out in the body and mind that they have reached an extremity of exhaustion and fatigue."

## Restful Sleep guarantees results

Dr. Xu created **Restful Sleep™** using the original ancient Chinese Yi Fang formula. "I made sure the Chinese herbs were processed, purified, and sterilized to remove any toxins. This process was done here in the USA to control quality and purity. Then I included calcium, magnesium, and potassium to help the herbs get into your body more efficiently—so the herbs can get to work even faster. That's how you get the best of the East and West. This is the formula that's going to give you the healthy sleep your body needs."

"**Restful Sleep** won't knock you out like other sleep aids because that's not the way to experience genuine, healing sleep," Dr. Xu explains. "Don't get me

wrong...it doesn't mean **Restful Sleep** won't help you sleep better starting the very first night. Some people do. Most of my patients take **Restful Sleep** for several days before they start noticing the big difference. I promise you this: when you give **Restful Sleep** enough time to work—you WILL get restful sleep!"

Douglas G. couldn't agree more. "I am a busy attending physician. **Restful Sleep** worked the first night to give me the first full night's sleep I have had in many years. I now have peaceful restful sleep and wake up feeling totally refreshed the next day. I recommend **Restful Sleep** for everyone seeking a great night's sleep.\*"

Lisa H. is also ecstatic with her results. "I'm a busy realtor, mom, and wife. I like to work hard and play hard. But now that I'm over 50—it's hard for me to fall asleep and stay asleep. Then Dr. Xu suggested **Restful Sleep**. It has been my nightly 'sleep vitamin'—giving me a wonderful, restful sleep—and lets me wake up with a smile on my face each day!\*"

## Chi is vital energy that is always "talking" to you. Here's how to listen—it just takes 60 seconds...

You will need flat shoes and a bottle of vitamins, herbal formula, or prescription medicine.

**Step #1:** Hold the bottle with both hands, touching your chest.

**Step #2:** Stand up straight and get your balance.

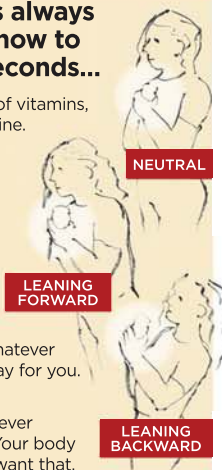

**Step #3:** Close your eyes and feel what is happening to your body.

### Results:

**If your body moves forward or stays neutral**—going side to side — then whatever you are holding near your chest is okay for you. Your Chi matches.

**If your body moves backward**—whatever you are holding is not good for you. Your body is repelling it. Chi is saying it doesn't want that.

You can do this test on just about anything—a bottle of wine, foods, clothing. It's easy to test and see if these things bring positive or negative energy to your body.

# SELLECK BUSTED AS DROUGHT WATER THIEF!

AS parched Californians suffer through a historic drought, actor Tom Selleck has landed in serious hot water! He's been brazenly stealing truckloads of precious H<sub>2</sub>O from a public hydrant to keep his 60-acre ranch and avocado farm in Hidden Valley green, according to a shocking lawsuit.

The 70-year-old Blue Bloods cop and his wife Jillie Mack are accused of sending a white water truck to swipe countless gallons of fluid from the hydrant, while all the state's residents have been told to slash usage by 25 percent.

In its complaint, the Calleguas Municipal Water

District claims to have spent \$22,000 on a private investigator to catch the Magnum P.I. actor, who was sent a cease-and-desist notice in November 2013.

But incredibly, this year, the same truck was seen making trips between the hydrant and scofflaw Selleck's multi-million-dollar property four days in a row in March, the government charges.

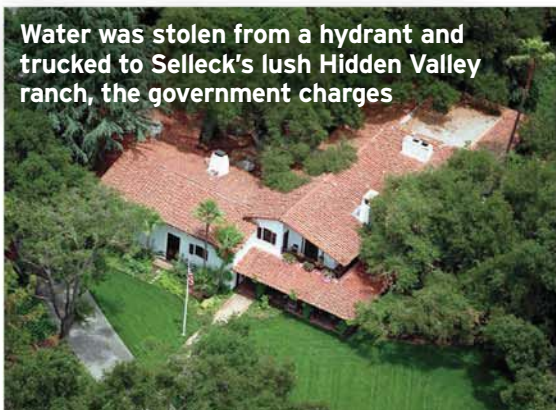

Only adding to his shame, Selleck's 30-year-old avocado business isn't making him any money, and he doesn't even like the salad favorite.

"I don't eat them," he has said. "They make me gag."

**S**UBWAY pitchman Jared Fogle's 15-year relationship with the sandwich chain went instantly stale when he was caught up in a kiddie porn scandal!

In a shocking blow to the 37-year-old's clean-cut reputation, FBI agents and other lawmen launched a dramatic dawn raid on his \$536,000 Zionsville, Ind., home, where he lives with his second wife, Katie, and two kids.

As Fogle was held nearby, investigators removed electronic equipment, including computers, and took it to a mobile forensics van parked in the driveway for analysis during the July 7 sweep.

"Jared has been cooperating, and continues to cooperate, with law enforcement in their investigation of unspecified charges and looks forward to its conclusion," says Fogle's attorney Ron Elberger. "He has not been detained, arrested or charged with any crime or offense."

## Raid

But hours after the raid, CBS News reported a law enforcement source told the network Fogle was "a suspect in a federal child pornography investigation."

On the same day, Subway issued a statement saying Jared and the fast-food chain had "agreed to suspend their relationship due to the current investigation."

Officials with the charity Coordinated Approach to Child Health (CATCH) also revealed they would no longer work with the pitchman, whose claim to fame was shedding more than 200 pounds on a sub sandwich diet.

# KIDD SAN Feds RAID

The raid is believed to be related to the May 4 arrest on kiddie porn charges of Russell Taylor, then the executive director of Fogle's Jared Foundation to fight childhood obesity.

Sources reveal some of the videos were found in Taylor's office on thumb drives, which appeared to have a link to Fogle or his foundation.

of production of child porn and one of possession, Taylor, 43, attempted suicide while behind bars but survived.

Meanwhile, Jared and Subway's relationship dates back to when he was a 425-pound freshman at Indiana University. Busy with school-work, he resorted to eating at

the closest place around - and Subway had opened up a shop on the ground floor of his dorm.

By eating a six-inch turkey sub for lunch, a foot-long veggie sub for dinner and a couple of small bags of baked chips, Jared cut his daily calorie count from 10,000 to just 1,500 - and in a year dropped down

to about 180 pounds.

Around the same time, it's been reported that Jared also ran a successful adult porn operation. But he really cashed in by becoming Subway's spokesman. Since then, he's amassed a \$15 million fortune.

**T**WISTED child killer Susan Smith continues to shock with a wild life behind bars!

The notorious mom, who coldheartedly drowned her two precious tots, Michael, 3, and 14-month-old Alex in her sunken car, was busted for having sex with prison guards, enjoys a lesbian lover and slit her wrists while serving a life sentence.

"Most murderers are one-time, crime-of-passion people, and they end up becoming good people," says former prison official Jon Ozmint. "Susan Smith just hasn't been able to fit that mold."

Smith, 43, snapped in October 1994 after a man she was

having an affair with broke up with her, saying he didn't want children. She strapped her helpless kids into their car seats and rolled the vehicle into a lake near their Union, S.C., home.

For nine days, the lying vixen claimed her Mazda Protege had been carjacked by a black man. And, along with her unsuspecting husband, David, she tearfully pleaded for the toddlers' return on TV.

But as her web of lies fell apart, Smith confessed to killing the kids. She beat the death penalty and, incredibly, will be eligible for parole in 2024.

But prison hasn't tamed the beast. In 2000, two male prison guards were arrested for having sex with Smith at the Women's Correctional Center in Columbia.

She was later transferred to Leath Correctional Institution in

"Her lover is a big woman who looks like a man," adds Hulseley. Another source says Smith paid her to watch out for guards during

trysts in places like closets and the cafeteria freezer.

"Susan gets money from men she meets through prison pen pal Web sites, and she'd put \$30 to \$50 a week into my commissary account," the source discloses.

While Smith misbehaves behind bars, her ex-husband, David, con-

tinues to struggle with the tragedy.

"There are still bad days...that probably bring me down to my knees," admits David, who's now remarried with two children.

As for his ex-wife's shenanigans in jail, he says, "It doesn't surprise me. Susan's always going to do something to get attention."

**S**EXPOT Jodi Arias will pay for the vicious slaughter of her former lover, Travis Alexander, by spending the rest of her life behind bars - and giving her victim's two brothers and three sisters \$32,000.

A judge ordered the payment as a partial reimbursement for travel costs Alexander's siblings paid to attend Arias' trials in Phoenix, Ariz., which ran from December 2012 to April 2015.

Now 34, Arias was a jealous 27-year-old when she drove 1,400 miles from her California residence to Alexander's 4,500 square-

"Travis had an affair with Jodi and after he broke it off, she became obsessed with him," says his friend Tanisha Morgan. What resulted was a bloodbath.

"He'd not only been stabbed 27 times, but his throat had been sliced from ear to ear, and then he'd been shot in the face," says a police source.

At her televised, circus-like trial, Arias, unlike

most murder defendants, took the stand and brazenly testified she'd killed Alexander, 30, after he physically and emotionally abused her and forced her to have rough sex.

She was convicted and got life with no parole after two juries spared her from the death sentence.

Adds Morgan: "She felt if she couldn't have him, no one would - so she killed him."

# No mercy for evil Leslie Van Houten

CHARLES MANSON groupie Leslie Van Houten claims she's a changed person who works to heal fellow prisoners. But in 1969, the eager-beaver teen begged to take part in the horrific murders of wealthy grocer Leno LaBianca and his wife, Rosemary.

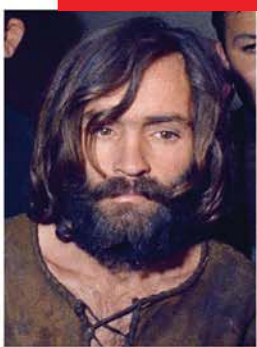

Incredibly, the 19-year-old was not picked by Manson to slaughter pregnant actress Sharon Tate and four others on Aug. 8.

But she convinced Manson to take her along to the LaBianca home the next night – and with fellow groupie Patricia Krenwinkel – stabbed Rosemary 41 times, some after she was dead.

Now 65, Van Houten has tried to make parole saying, "I know I did something that is unforgiveable, but I can create a world where I make amends."

"I'm trying to be someone who lives a life for healing rather than destruction."

But she showed no mercy in her horrific deed, and neither did the Parole Board, which nixed her 2013 bid for freedom. She will be played by Greer Grammer in the upcoming Lifetime movie Manson's Lost Girls.

## Patricia Krenwinkel turns model prisoner

ONE of cult-leader Manson's most bloodthirsty killers, 67-year-old Patricia Krenwinkel, is now a model prisoner, earning a college degree, teaching inmates how to read and helping train service dogs while serving her life sentence in California.

But at age 22, Krenwinkel turned butcher in 1969. She and three other

Manson zombies killed actress Sharon Tate, hairstylist Jay Sebring, screenwriter Voytek Frykowski and his lover, coffee heiress Abigail Folger.

During the massacre, Krenwinkel dragged Folger into the living room and began stabbing her.

When Folger bolted outside, Krenwinkel caught her and continued knifing the woman even as Folger begged, "Stop! I'm already dead!"

Krenwinkel slashed the woman 28 times, turning her white nightgown completely red. The next night, she helped stab Rosemary LaBianca in a second massacre.

## Susan Atkins died in slammer

DEMONIC Susan Atkins, who butchered seven people for Manson on two nights in August 1969, died at

age 61 of cancer in a California prison in 2009.

During the first massacre, eight months-pregnant actress Sharon Tate was cut 16 times in the heart, liver and lungs.

But Manson said he wanted to leave "a sign." So merciless Atkins soaked a towel with the blood of Tate and her baby and smeared the word "PIG" on the front door. She died begging for forgiveness.

# BITTER PAMELA SMART WISHES SHE WAS DEAD

**Teacher rots in prison as man who slaughtered her hubby is set free**

**D**EADLY cougar Pamela Smart is so freaked out over being denied parole - as the man who murdered her husband walks free - the kinky former teacher doesn't think life is worth living. "Some days I really wonder, 'Am I ever going to get out of prison? What's it going to be like to die here?'" says the bad girl blonde who mas-termined her hubby's 1990 death.

"When I start thinking like that, I wish that I would have gotten the death penalty rather than life in prison."

At age 22, the curvy high school media services coordinator seduced 15-year-old William Flynn, a sophomore at Winnacunnet High School in Hampton, N.H. She threatened to leave the kid if he didn't murder her 24-year-old husband,

Gregg Smart.

With the help of three friends, Flynn shot Gregg in the Smarts' Derry, N.H., apartment on May 1, 1990, and tried to cover his trail by making it look like a burglary gone bad. But the ruse failed.

After months of investigation, Det. Daniel Pelletier went to Smart's school office on Aug. 1. "The good news is that we've solved the murder of your husband," he told her. "The bad news is, you're under arrest."

Her trial gripped the nation and spawned the 1995 movie, *To Die For*, starring Nicole Kidman as a Pamela-based character, and

Joaquin Phoenix. Smart, now 47, was sentenced to life without parole. Flynn got 40 years, but was released in June this year.

Smart, who landed in solitary confinement last year after a cake-cutting plastic blade was found in her locker, has a lesbian lover behind bars and admits considering suicide. She also confesses she is "not a model prisoner." She learned about Flynn's parole in a phone call from her mother.

"It took me a minute to wrap myself around the idea that they have forgiveness for the person who killed Gregg, but none for me," says the bitter monster, who was denied parole in 2013. "I would hope they could let go of the hatred that they have toward me."

Evidently, Loser Lohan turned down a chance to give Ronald McDonald a run for his money in a Battle for the Burgers. Hmm...would have been interesting to see who would have been the biggest clown.

I know who I would have bet on. (Sorry about that Ronald!)

One report says the 29-year-old has been asked to dress up in a Spicy Chicken Fries box, "smoke a chicken fry like a cigarette and vamp a 'spicy' monologue."

But Lohan, who has not exactly been flooded with movie offers, wouldn't do it. Nowadays, her court appearances are far more memorable than her film roles.

Hey Lohan, you have too much pride to do a commercial for Burger King? What the hell else are you doing?

"She's broke, sleeping at different guys' apartments, but she thinks she's Elizabeth Taylor," one source is quoted as saying.

If she waits any longer, it sounds like her next job will be bagging burgers and fries for BK - if she's lucky!

And let me just add, I think it wouldn't have been a step down for Loony Lohan if she did the commercial. However, it certainly would have been a step down for Burger King!

# IS RED-HOT WENDY REALLY

**T**ALK show sensation Wendy Williams is battling cruel taunts that she was born a man!

The brash 51-year-old daytime star, who's about to overtake Ellen DeGeneres as the country's top female talk show host, admits to past drug addiction, but denies persistent chatter she's a sex-swapper like Bruce "Caitlyn" Jenner.

## Breast implants

"People do think I was born a man," she says. "That is absolutely not true. I get it. I've got a strong face, a strong body. I'm 5-feet-11. I wear wigs."

She also admits getting breast implants, saying, they "last about 10 years. Any day now I'm going to have to get them replaced."

But she vehemently denies being born a guy.

Still, Williams, whose show is viewed in 1.9 million homes daily, says she had to battle physical problems and ridicule early on.

"I had a very tortured childhood," she reveals. "My life before 21 sucked."

"They fat-shamed me. My first diet was in the first grade! Tuna fish and mustard with yogurt on the side."

**TV TALKER'S  
TRIUMPH

# AMAN?

Williams, who now weighs 165 pounds, says her school years were rough, too. "I've never been to a prom. I didn't have a lot of boyfriends," she confesses.

Later, when she hit it big as a radio host, she plunged into cocaine hell for 10 years.

"Drugs were a demon I had to overcome," she says. "I was a functioning addict. I'd work from 3 in the afternoon until 7 at night, get off and party until 7 in the morning – then sleep until 2, go to the radio station and do it all over again."

She beat her cocaine demons after meeting future husband Kevin Hunter when she was 30. They wed in 1998 and are parents of 14-year-old Kevin Jr.

"I learned to just wean, wean, wean, and then finally stop," she explains.

As for the taunts about being a man, she says they drove her to succeed and become a "stronger woman."

**A**ILING former First Lady Nancy Reagan just celebrated her 94th birthday – but friends fear it will be her last!

The widow of America's beloved 40th President, Ronald Reagan, is frail and wheelchair-bound. She rarely leaves her home except for medical appointments or an occasional lunch with an old pal.

She even celebrated her milestone birthday quietly – at home in Bel Air, Calif. – with friends, says a source.

But Nancy bravely made a sad 35-mile pilgrimage to lay flowers on her late husband's gravesite at the Reagan

"Poor Nancy sat slouched in her wheelchair as she gazed at the gravesite, with tears in her eyes," says a source.

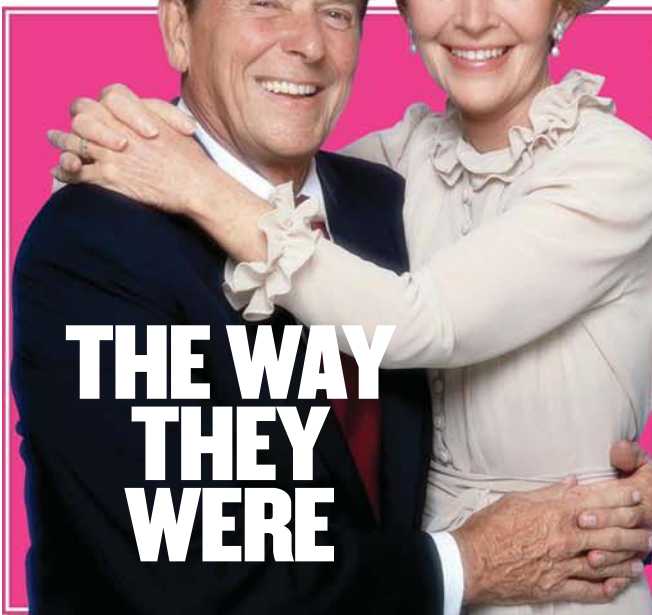

The inscription on the former Commander-in-Chief's memorial reads, "I know in my heart that man is good, that what is right will always eventually triumph and there is purpose and worth to each and every life."

Says a friend, "Seeing her husband's words just make her miss him more. She also knows she'll soon be reunited with Ronnie," who made her his bride on March 4, 1952, when they were both young movie stars.

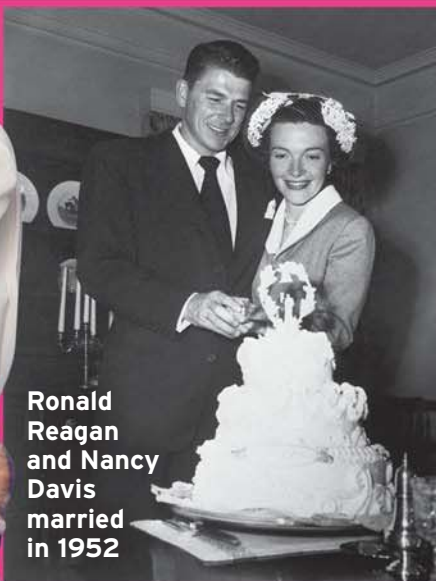

"Now, Nancy's more emaciated than ever and she can barely walk. We fear she has only months to live," says the friend.

"Nancy still has her wits about her, though. Her body has been failing for years but her mind has rarely let her down.

"But the last 11 years without Ronnie have been sheer torture. She was so devoted to him for over 50 years, and there's not a day that goes by that she doesn't miss him.

"She says her life didn't begin until she met him — and it ended the day he died. She's been absolutely devastated since his death. It's really incredible that she's been able to go on this long without him. But now she's ready to go.

"She prays she'll fall asleep one night, not wake up, and be with her Ronnie again. She can't wait to join him on the other side."

**Medical news YOU can use!**

## YOUR FEET REVEAL HEALTH SECRETS!

**ANALYZING** your feet may be a giant leap forward for your health!

"Your feet reveal many conditions that may require medical attention," podiatrist Dr. Oliver Zong tells GLOBE.

From thyroid issues to heart problems, your feet can reflect the inner workings of your body – and what needs to be fixed! Here's how to take a step in the right direction:

■ If you are plagued by cold feet, it may signal an underactive thyroid or Raynaud's disease, a blood-flow problem, which could be a symptom of lupus or rheumatoid arthritis.

■ Swollen big toes are the classic hallmark of gout, a form of arthritis that is not only painful but can cause kidney stones or kidney failure if left untreated.

■ Frequent muscle spasms in the feet may mark an electrolyte imbalance – a lack of magnesium or potassium – or could mean you have poor circulation. They can also be caused by pinched nerves and diuretic medications.

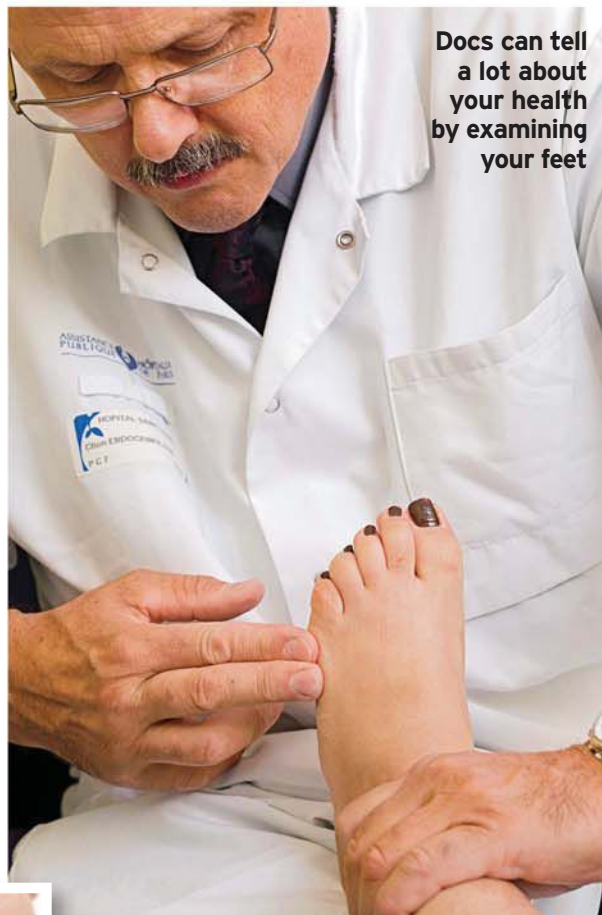

■ If your feet and legs feel numb, it may

indicate a more serious illness like multiple sclerosis, fibromyalgia or diabetes.

■ People who have difficulty walking may not be absorbing enough calcium or suffer from undiagnosed fractures.

■ Toe nail fungus is usually benign. But if not treated, it can spread into the bodies of those with a suppressed immune system, rheumatoid arthritis, Raynaud's disease or diabetes.

■ Persistently swollen feet could signal heart failure or kidney disease.

Docs can tell a lot about your health by examining your feet

■ Clubbed toenails, which appear more rounded on top and then curve downward, is a common symptom of underlying lung disease or possibly heart disease, liver and digestive disorders or certain infections.

## Tough jobs keep you young

**+ USE** your brainpower – or lose it! That's what a new study suggests after researchers compared cognitive function in people who worked mentally challenging jobs with those whose jobs required less complex thinking. "Work that involves a lot of analyzing, problem solving, creativity and other complex mental processing is related to higher levels of cognitive function," says lead author Gwenith Fisher of Colorado State University in Fort Collins.

## Apples slash heart problems

**+ HERE's** proof an apple a day really works! A comprehensive study encompassing nearly half a million people showed those who ate fruit, including apples, every day cut their risk of developing cardiovascular disease by a whopping 40 percent. The daily fruit eaters also had lower blood pressure and a reduced overall death rate by 32 percent. Says researcher Dr. Huaidong Du, "The more fruit you eat, the more your cardiovascular disease risk goes down."

# HOW TO STOP HEAT STROKE

Water is key to staying cool

THE HEAT is on - and it can be deadly!

As temperatures soar this summer, it's vital to protect yourself from becoming one of the 700 Americans who will die as a result.

"Heat stroke can kill or cause permanent damage to the brain and other organs," Texas-based family physician Dr. Walter Gaman tells GLOBE.

"Call 911 immediately if you suspect someone is suffering from heat stroke."

Symptoms include nausea,

Sunscreen works

seizures, confusion, disorientation and sometimes loss of consciousness or coma.

But you can beat the heat by:

■ Staying hydrated by drinking cool non-alcoholic beverages regularly.

Wide brimmed hats have it made in the shade

■ Finding air conditioning. If you don't have access at home, visit a public place that has AC.

■ Wearing lots of sunscreen and reapply it often.

■ Limiting alcoholic and caffeinated beverages because they dehydrate.

■ Wearing loose, breathable clothing and a wide-brimmed hat.

■ Limiting outdoor activity to the early morning or evening hours, especially for kids.

Backed by former producer Gordon Elliot, Paula plays Lucy and Bobby is Desi in the offensive photo. Below, the real Lucy and Desi

# PAULA DEEN'S NEW RACIST OUTRAGE!

**Shocking photo shows chef & 'BROWN-FACED' son playing Lucy and Desi**

**D**ISGRACED Paula Deen's got some "esplainin'" to do!

The 68-year-old Southern celebrity chef is taking heat for posting a racially offensive picture on Twitter.

The shocking photo shows Deen, who was previously caught using the "n-word," dressed as Lucille Ball and her son, Bobby, using skin-darkening makeup to portray Cuban-born Desi Arnaz in a recreation of the iconic TV sitcom *I Love Lucy*.

"Lucyyyyyy! You got some esplainin' to do!" read the Tweet.

## 'Ignorant dipstick'

But it's Deen who's scrambling to explain herself because the picture is being likened to the demeaning blackface depictions of African-Americans in the past.

"Paula is an ignorant dipstick," rages one Internet poster. "She gives decent

downhome Southerners a bad name."

Deen quickly pulled the photo, which was snapped during a 2011 Halloween episode of her axed Food Network show, *Paula's Best Dishes*. She also fired her social media manager for posting it.

"Paula immediately had this picture taken down as soon as she saw the post and apologized to all who were offended," says Deen spokesman Jaret Keller.

The scandal comes just two years after the TV cook was sacked by the Food Network following her shocking admission of using the n-word. The fallout also cost her endorsement deals.

Since then, she's been on a mission to rebuild her brand. In 2014, she raised about \$100 million and launched her Web site, the Paula Deen Network. She also opened up a new restaurant in Pigeon Forge, Tenn.

But now she's facing another barrage of ridicule and disgust.

"Good grief Paula, have you learned nothing!" blasts another Internet commenter. "People were willing to give you a second chance, but you threw that away for what, a cheap laugh?"

# FRANK SINATRA AND ME: STRANGERS IN THE NIGHT!

A FEMALE journalist pulled the wool over Frank Sinatra's eyes to get a story – and ended up spending the night with him!

In a newly released book, Sandra White tells how she boozed it up with Ol' Blue Eyes while pumping him for information at a plush Las Vegas restaurant in May 1988.

Posing as “an ordinary mom,” White got into a charity event thrown by Sinatra and his wife, Barbara.

She managed to charm the superstar, who soon was regaling her with stories about his showbiz pals, including Kirk Douglas and Robert Mitchum, who “...protected me so much that I always send them a card on Mother's Day.”

Since the music legend didn't know White was a journalist, she couldn't take notes openly and kept hitting the ladies room to jot down info on her stocking tops and thighs.

In the book, *Strangers in the Night: My Secret Weekend*

Sandra White's book

## Journalist reveals their BOOZE & PASSION in Sin City

with Frank Sinatra, she recalls how the singer invited her to go gambling with him – then to his hotel suite.

The single mom soon found herself alone with Sinatra as his wife, Barbara Marx, slept in a nearby penthouse. She says the crooner serenaded her with her favorite Sinatra song, *Summer Wind*.

Frank and wife Barbara

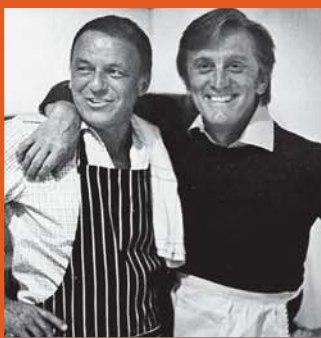

“Holding me close, he sang in my ear,” she writes. “It was electric. Frank Sinatra singing to me – just me. It was seductive.

“As daylight crept into the room, Frank held me in his arms and kissed me softly on my nose and forehead. ‘Thank you for getting me through the night, babe,’ he whispered, ‘I hate the darkness of the night. Can't bear to be alone in the dark.’”

## KEACH DUMPED JANE SEYMOUR!

FORMER Bond girl Jane Seymour had been divorced three times, but she was devastated when her marriage to fourth hubby James Keach crashed and burned after 20 years and teenage twin sons.

Actor-director Keach reportedly had been cheating on the *Dr. Quinn, Medicine Woman* star, but still, she says, “I didn't want to end it. It was his choice. And that's the painful part.”

Sources say the marriage, which ended in 2013, was strained because Keach had been getting friendly with another woman.

“James is an extremely charismatic man,” says a source. “He is a charmer and has a wandering eye.”

It was heartbreaking for Jane, now 64, whose previous hubbies were director Michael Attenborough, businessman Geoffrey Planer and realtor David Flynn.

“I thought we were going to be forever,” she says. “I think once you love someone, you always love them.”

### SOLUTION FOR WEEK #25

# APPLE FELL FAR FROM KATHIE LEE'S WINO TREE!

Kathie Lee Gifford (left) and daughter Cassidy

MORNING host Kathie Lee Gifford is getting a rep as a wino, but her actress daughter, Cassidy, says guzzling the red stuff isn't for her.

"I do not share the same love of wine," says 21-year-old Cassidy. "I do like it! But I rarely drink that much."

But Cassidy, now starring in the low-budget horror flick *The Gallows*, says her mom's notorious wine swilling on NBC's *Today* with co-host Hoda Kotb isn't fake.

"It's a crime in my family" not to drink wine, says the budding actress. "If you come to our home, you're kind of forced to take a glass."

One thing she DOES share with her 61-year-old mom is a passion for showbiz.

When Cassidy was in first grade and told her mom she wanted to act, Kathie Lee was thrilled, telling her, "OK, but you have to give it your all."

**A**FTER plunging the U.S. into the Iraq War based on false reports of weapons of mass destruction, former President George W. Bush and his wife, Laura, charged a wounded veterans' charity a whopping \$150,000 to attend fund-raisers.

Explosive revelations of the Bushes' shameful money-grubbing have triggered a storm of outrage online.

**'This is just immoral'**

"Self-serving is all this guy is," says a post. "He's greedy, and doesn't respect our vets."

Fumes another, "This Idiot is just that, an Idiot. He should be totally ashamed of himself."

Posts a third, "As if the Bushes don't already have enough money. In light of all the hurt he caused so many people while he still profits from it – this is just immoral."

The furor exploded following disclosures Bush charged the Helping a Hero charity \$100,000 to guarantee his presence at a 2012 fund-raiser for warriors wounded in Afghanistan and Iraq.

The ex-Commander-in-Chief also got another \$70,000 to cover "expenses," including a private jet flight from Dallas to the event in Houston and his hotel bill.

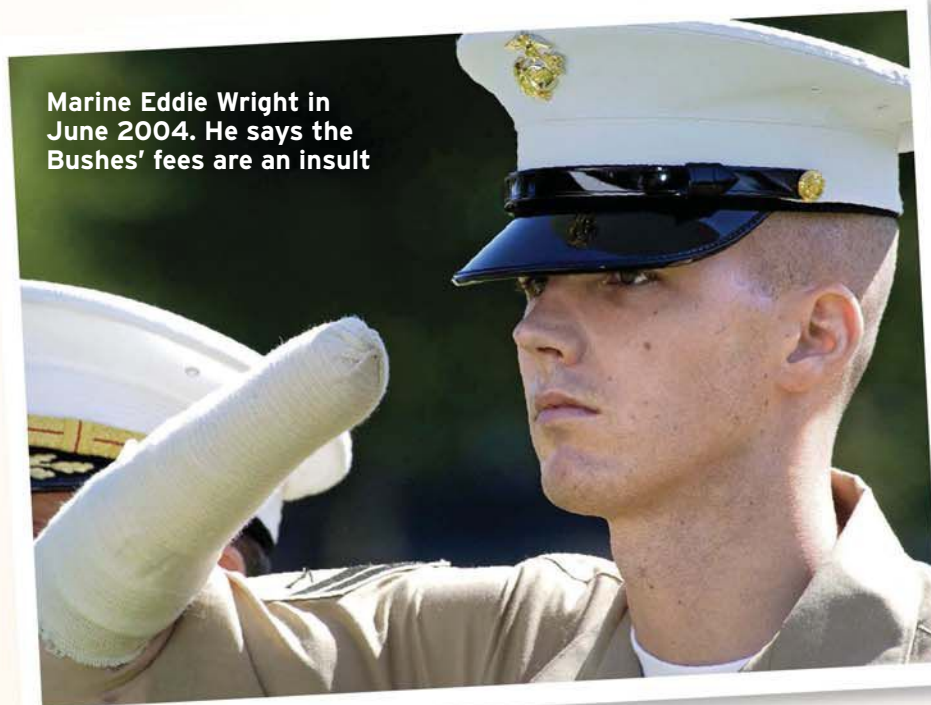

Incredibly, Bush originally wanted the vets to cough up \$250,000, but agreed to lower his fee.

His shameful billing followed Laura charging the same group \$50,000 to show up for their benefit the year before.

Their disturbing show of greed enraged vets

## Greedy Bushes CHARGED WOUNDED VETERANS' CHARITY \$150G to hear them talk

Marine Eddie Wright in June 2004. He says the Bushes' fees are an insult

Roadside bombs were a big cause of wounds to American soldiers in Iraq and Afghanistan. George and Laura attended fund-raisers for vets - but only after being paid big bucks

like former Marine Eddie Wright, who lost his hands in a 2004 Iraq rocket explosion.

"You sent me to war," he says. "I was doing what you told me to do, gladly for you and our country, and I have no regrets."

"But it's kind of a slap in the face."

Bush ordered troops to Afghanistan and Iraq following the 9/11 terrorist attacks on the World Trade Center and the Pentagon in 2001. But while the terrorists had training camps in Afghanistan, Bush's reason for invading Iraq was that the country's leader, Saddam Hussein, was amassing

WMDs, which proved untrue.

Meanwhile, Helping A Hero spokesman Robert Clark defended the outlandish fees charged by the Bushes, saying their appearance at benefits boosted the amount of donations.

The group collected \$2.4 million after expenses following Bush's appearance but only \$1 million the next year without him, say tax documents.

Still, wounded vet Wright rages, "For him to be paid to raise money for veterans that were wounded in combat under his orders - I don't think that's right."

# LOVE LETTERS REVEAL FLYNN'S HEARTBREAK

A stash of never-before-seen love letters written by Hollywood Don Juan Errol Flynn reveal the notorious lothario didn't catch every woman he chased.

Flynn, then age 25, was acting in a traveling troupe when he met 20-year-old Marjorie Bickham in Worcestershire, England, in 1934.

Smitten and love sick, he tried to seduce her.

"I'm going to bed - I know I shall think of you until I go to sleep. Night Margey. Errol," he wrote in one note recently auctioned off in England for \$1,500.

Another says, "Funny how you can't be candid or sincere in a letter. I can't anyway. There's so much I'd like to say to you...Perhaps I could if I knew for certain you wanted to hear it."

Bickham's nephew Nicholas, 71, says, "The

letters are very insightful as to Flynn's intentions." But he adds his aunt was "lukewarm" toward the dashing actor and "nothing whatsoever romantic ever happened between them."

A year later, Flynn shot to superstardom in the pirate epic Captain Blood and wed spitfire Latina actress Lili Damita, the first of his three wives. He went on to bed Hollywood's legendary beauties. But he always held a special place for the gal who got away.

# AVENGER STAR'S KINKY DOUBLE LIFE!

**S**UAVE Avengers star Patrick Macnee lost his cool by spilling his guts about his debauched life in a shockingly candid tell-all – and regretted his loose lips until the day he died!

Macnee, who played devilishly debonair spy John Steed on the classic TV show, died at his California home on June 25 at age 93 – after a bizarre existence.

## Dishing dirt

The hunk once confessed to his Avengers co-star, Linda Thorson, he'd revealed too much about himself in his shocking 1988 autobiography, *Blind In One Ear*.

Macnee dished ALL his dirt! He revealed his parents were boozers, he was actually raised in a lesbian harem and earned cash as a schoolboy by peddling gay porn, running a gambling ring and bootlegging gin.

He also detailed his own battle with the bottle plus the scoop on his failed marriages and countless affairs.

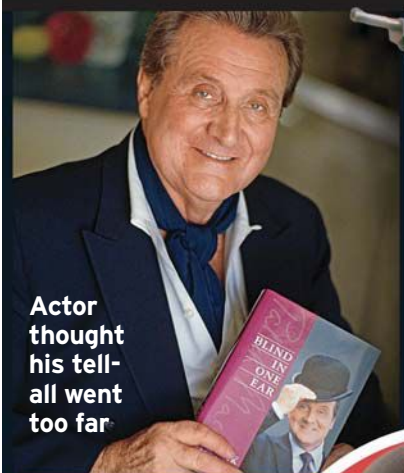

His wild life began with a troubled childhood. Macnee's mom, Dorothea Hastings, was a beautiful debutante who wed rich horse trainer Daniel "Shrimp" Macnee.

By the time Patrick was age 5, his dad was gone and his mom settled in a gay commune led by Dorothea's pipe-smoking lesbian lover he was forced to call Uncle Evelyn.

She and the other women in the commune known as Rooksnest wanted Patrick to wear dresses – but settled on keeping him in kilts and calling him a "nasty pigeon-toed boy."

Somehow, he managed to survive his oddball child-

hood and thrive in showbiz, after being expelled from prestigious Eton for peddling porn.

His first marriage crashed and burned after a torrid affair with a business partner's wife. He then bedded a series of beauties before landing the role that made him a star on *The Avengers*.

He helped catapult the spy drama to worldwide popularity by suggesting that his first co-star, sexy Honor Blackman, wear a skin-tight leather jumpsuit.

Macnee sported his trademark bowler hat (left) while fighting crime with Honor Blackman on *The Avengers* (above)

He was smitten by the beauty, but she rejected his advances. So Macnee hooked up with another co-star, Kate Woodville, who was 17 years his junior.

To keep up the pace with his young bride, he started using speed. But it ended in disaster. He soon kicked the drug, but spent 15 years battling booze.

Once sober, he settled in California and spent much of his life in a Palm Springs nudist colony!

Although he wrote his memoir as vengeance against the "old bats" who'd "taken his trousers away," he later publicly regretted his candor and becoming a real-life "Avenger."

# DEFIANT DONALD 'FIRES' FOES IN MEXICO FLAP!

**D**ONALD TRUMP is defiantly refusing to back down from his gutsy – but controversial – stance on illegal immigration even if it costs him millions in business!

In fact, the billionaire real estate mogul, 69, has tough words for former associates who claim to have dumped him over his decision to put what's good for America before political correctness: "Good riddance!"

A source close to The Donald tells GLOBE: "He's washing his hands of these weak-willed people. He told me, 'I don't need them!' "

Outspoken Trump triggered a huge backlash with his explosive comments about illegal immigrants when he announced he was running for the 2016 Republican presidential nomination.

## Crime

"When Mexico sends its people, they're not sending their best," he said. "They're sending people that have lots of problems. They're bringing drugs. They're bringing crime. They're rapists. And some, I assume, are good people."

Like many people, Michael Cohen, EVP and Special Counsel to Donald J. Trump, feels the attacks are completely unwarranted and politically motivated. "In more than 500 interviews and press releases, Mr. Trump asserts that the liberal media has grossly distorted the intent of the statement by claiming he was referring to Mexican people in general.

"He was not – he was referring to all individuals who illegally cross the southern border using Mexico as a point of easy entry."

The shocking backlash against Trump's stance included Univision and NBC dropping his Miss Universe and Miss U.S.A. beauty pageants.

Illegal alien Francisco Lopez-Sanchez (above) is charged with murdering Kathryn Steinle (left)

**TRUMP  
WILL ALWAYS  
PUT U.S.

canceled a banquet in a Trump resort. But The Donald won't back down.

## Dumped

Insiders say that in many cases, he was the one who said "You're Fired" and dumped the business partners who have since turned on him like "a bunch of rats."

He insists HE cut ties with Macy's. And he's suing Univision for \$500 million.

Analysts estimate Trump lost \$50 million in business, but the tycoon declares, "It doesn't have any impact on me because it's not big stuff monetarily."

His says his remarks were tragically bolstered by the July 1 murder of Kathryn Steinle, 32. Cops say she was shot on a San Francisco pier by illegal immigrant Francisco Lopez-Sanchez, who'd been deported FIVE times. He had a long rap sheet – and a stolen gun.

Now, bolstered by opinion polls, Trump says, "I have a great relationship with the Mexican people. I have many legal immigrants working with me. And many of them come from Mexico. They love me, I love them." And he vowed, "If I get the nomination, I'll win the Latino vote."

Lions used in *Zoo*, co-starring James Wolk (left) and Nonso Anozie, have animal rights activists seeing red. Kristen Connolly's character is terrified by the rampaging beasts

# PETA CALLS FOR "ZOO" BOYCOTT ...OVER WILD ANIMAL ABUSE

THE drama *Zoo*, starring James Wolk, Kristen Connolly and *Twilight* actor Billy Burke, has been slammed by PETA for using real wild animals, especially lions, for violent scenes.

The animal rights group says that before filming started, CBS had given them assurances producers would use computerized beasts instead of trained animals that have been abused.

But that didn't happen and People for the Ethical Treatment of Animals is urging its millions of members to boycott *Zoo* which debuted to 8.1 million viewers, making it the summer's most watched premiere for a new scripted series.

"By producing a show that exploits wild animals, including lions, CBS has proved that it's out of sync with public opinion," says a PETA

spokesman. "People are shunning SeaWorld's captive orca sideshows, states are passing laws banning wild animal acts and private ownership, and Ringling Bros. is taking elephants off the road.

"Lions belong in the wild, not confined to tiny cages and forced to perform tricks, often under the threat of beatings...PETA hopes *Zoo* will be one of this summer's first cancellations."

Based on the bestselling James Patterson novel, the series centers on a wave of inexplicable ferocious animal attacks against humans around the globe.

Wolk, who starred in *The Crazy Ones*, plays zoologist Jackson Oz, who's trying to unravel the mystery behind the terrifying phenomenon.

# GUNMAN KILLS GATOR WHO

# ATE HIS PAL!

AN alligator that ate a man in a Texas bayou has died in a revenge shooting.

The best buddy of victim Tommie Woodward, 28, killed the man-eater three days after the fatal July 3 attack.

Woodward ignored warnings and a sign that read, "No Swimming: Alligators," and went for a swim in Orange, Texas. Within seconds, the 11-foot gator attacked him, inflicting fatal wounds.

One of Woodward's pals, identified only as "Bear," decided to settle the score by shooting the 400-pound beast.

"He had to go," says Bear. "That's what happens when you kill someone."

Authorities are now looking for Bear because killing a gator is illegal in Texas and punishable by a fine of up to \$500.

Meanwhile, some of Woodward's remains were found in the gator's gullet, confirming that the vigilante got the right critter.

"Alligators are a predatory species," warns Orange police Chief Robert Enmon. "They will take advantage of an opportunity."

# DONUT BRAT ARIANA HAS HOLE IN HER HEAD!

## Proclaims 'I Hate America' after LICKING SWEET TREATS left on shop's counter

**S**POILED pop princess Ariana Grande is being blasted far and wide for spouting anti-American remarks at a California donut shop – where she disgustingly licked some of the sweets for sale!

Privileged Ariana grew up in super-snobby Boca Raton, Fla., but displayed the manners of a heathen during her visit to the Lake Elsinore shop.

Surveillance video caught the 22-year-old tonguing the tasty treats. But, ironically, the spoiled little brat didn't get in trouble with authorities for the gross act. The shop did!

After the video was posted online, cops and public health officials visited the store to investigate the incident.

Meanwhile, Ariana didn't buy any of the donuts she licked, and a cashier at the shop noted the singer was "really rude."

But what sparked even more outrage was Ariana dissed the U.S.A. – the same country where her rich parents afforded her every opportunity to become an overindulged pop star.

"I hate Americans!" she shouted. "I hate America!"

Ariana, who also

**Pampered pop princess Ariana Grande displayed the manners of a heathen**

canceled her singing gig at Major League Baseball's All-Star Game, supposedly due to oral surgery, later apologized. She insisted she's "proud to be an American" and that her words were "taken out of context."

Still, reaction was swift and blistering. "All I can say is leave America!" wrote an Internet poster. "No one would be upset. Leave! Bye bye! Don't let the door hit you in the butt!"

Ariana shot to stardom on the Nickelodeon TV series *Victorious* in 2009 and has gone on to a wildly successful singing and acting career. But another online commentator says, "People need to remember this and stop supporting her music. She's not that good anyway."

**TOTALLY GROSS!**

# SHOTGUN WEDDING FOR BILLY JOEL, 66!

It wasn't exactly Independence Day for Billy Joel – the aging rocker celebrated America's birthday by getting hitched to his very pregnant fiancée, Alexis Roderick.

The 66-year-old Piano Man and his radiant bride, 33, exchanged vows in a shotgun wedding officiated by longtime pal, New York Gov. Andrew Cuomo, at Joel's Long Island estate.

Surprisingly, super-model Christie Brinkley, 61, one of Joel's three ex-wives and mom to their 29-year-old daughter, Alexa, seemed to take a dig at the newlyweds.

"Congratulations to the glowing bride and groom," she wrote in a statement on the Internet. "And to my daughter, Alexa,

Alexa Ray and mom Christie Brinkley

who has a wonderful friend in Alexis" adding that she wishes "happiness" to the "growing family."

The comments were seen as a catty reference to the pregnant bride – and a slight because Brinkley seems to be driving home the point that Alexa is only four years younger than her new stepmom!

Others are more blatant in ridiculing the singer-songwriter's taste for robbing the cradle. His conquests including another ex, Food Network star Katie Lee, 33, and

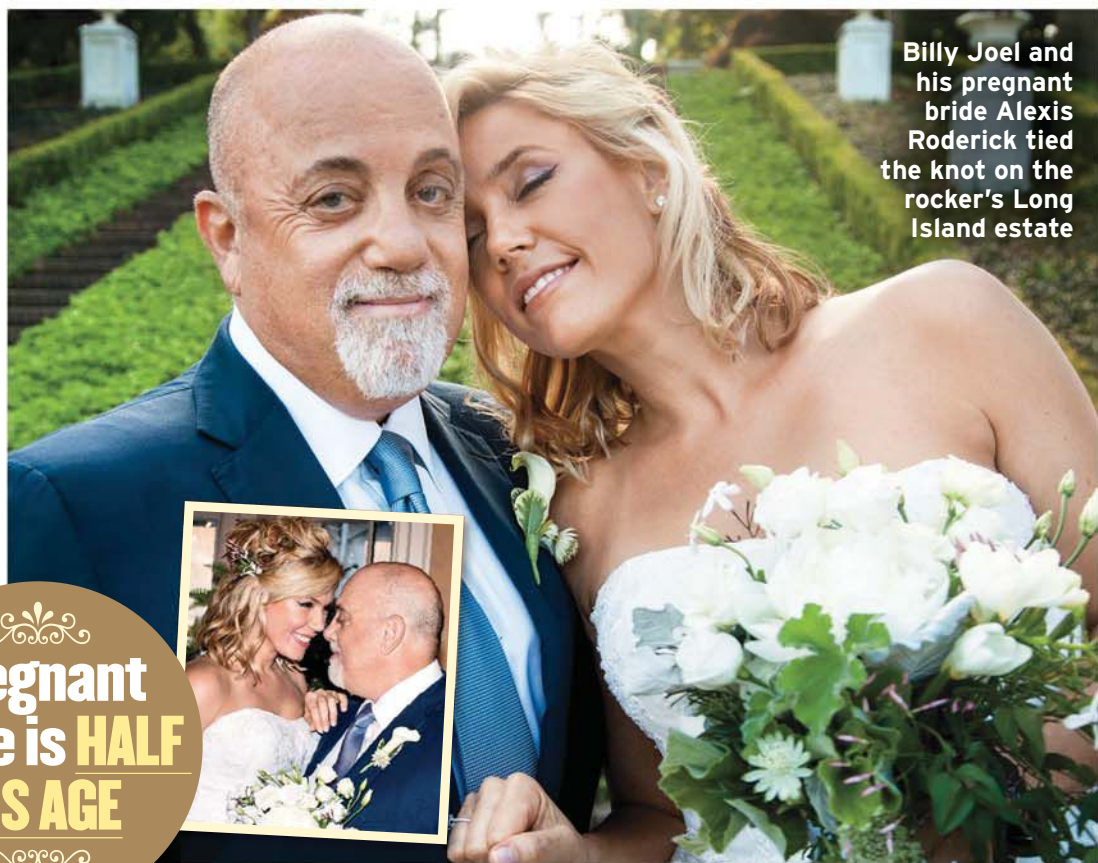

a slew of much younger beauties.

"You're never too old to take on a fortune-hunting trophy wife," writes one Internet poster. "What's all that money good for if you can't do that?"

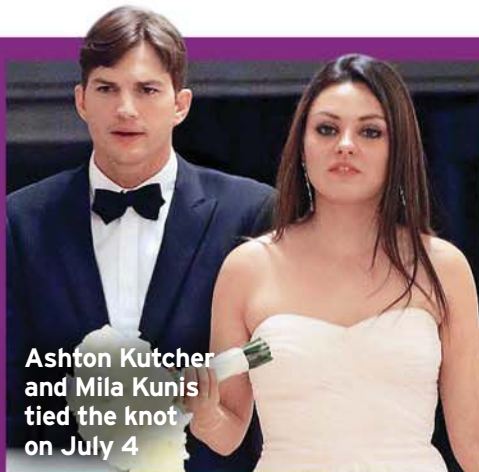

Another blasts, "It's selfish to have a baby at 66 – the kid won't have a dad alive most likely when he/she graduates from high school!"

And a third says, "This is true love. He loves her looks. She loves his money."

Ashton Kutcher and Mila Kunis tied the knot on July 4

## ASHTON FINALLY MARRIES MILA

ASHTON KUTCHER and his baby mama, Mila Kunis, made it official with a July 4 garden party celebrating their marriage – leaving the handsome actor's 52-year-old ex-wife Demi Moore's dreams of a reunion shattered, insiders say.

"It's like Demi just can't get over Ashton," says a source. "He's totally in love with

Mila, but it's left Demi devastated."

Ashton, 37, and Mila, 31, celebrated their wedding at the Secret Garden at Parrish Ranch in Oak Glen, Calif. Both Mila and their 9-month-old daughter, Wyatt, wore white, while the Two and a Half Men star wore a tuxedo with a bow tie.

**G**ORGEOUS Ugly Betty beauty Vanessa Williams said "I do" to burly businessman Jim Skrip during a Fourth of July blowout weekend!

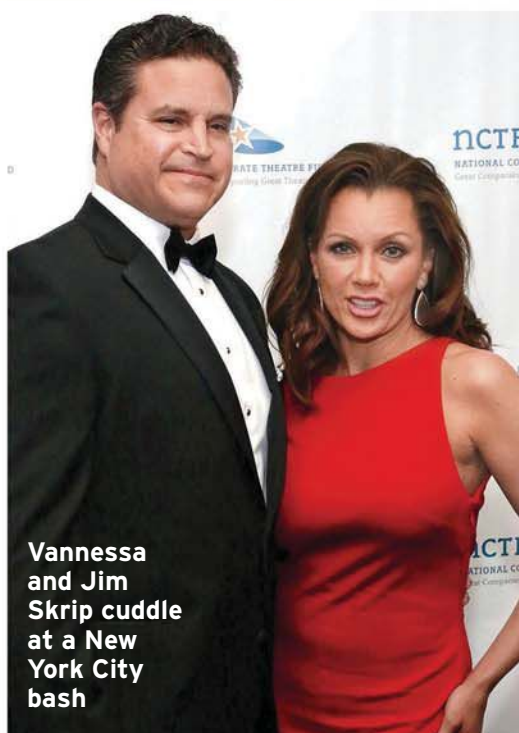

The twice-divorced 52-year-old former Miss America was stunning, wearing two Egyptian-inspired gowns for the festivities in Buffalo, N.Y.

## Blushing bride

"I felt like an Egyptian goddess, and that was exactly the theme I was going for," gushes the Grammy-nominated singer, who met her new hubby during a 2013 cruise along the Nile.

During the cruise, Skrip caught the actress' eye by wearing a Buffalo Sabres hockey team shirt. Since her mother grew up in Buffalo, Vanessa asked the handsome former accountant if he was from the city. The answer was 'yes' - and now she's his blushing bride.

Williams has three children from a 10-year marriage to one-time manager Ramon Hervey and a daughter from her five-year union with former NBA player Rick Fox.

# Doctors Look Beyond Viagra®

*ED remedies face stiff competition from natural compound; 'standout results,' say users*

PHILADELPHIA —

Many of the symptoms associated with 'growing old' are actually signs the body is running on empty.

For a man, the precipitous drop in the hormone testosterone can be life-changing; degrading the quality of erections, reducing sexual desire, and stamina. There's more.

## A Slow Leak

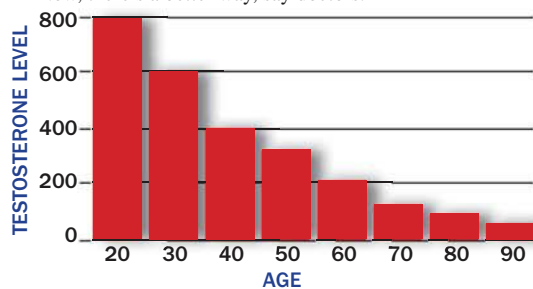

Low 'T-levels' can also trigger insomnia, premature aging of the skin, increased body fat, muscle loss, depression, and worrisome mind and memory problems.

The good news is that restoring testosterone to optimal, youthful levels is a fairly easy process.

The bad news is that it's painful and expensive.

One has to endure repeated doctor visits, blood tests, painful injections deep into large muscles, or the daily application of ineffective, expensive adhesive patches or messy topical creams.

Now, there's a better way, say doctors.

## Essence of Man

In the quest to keep aging men young and vibrant, scientists looked beyond human testosterone to discover an ensemble of natural fire-starters and sexual enhancers that re-ignite a man's sexual powers by naturally elevating testosterone.

This can make any man a better, stronger lover, and also improve his overall well-being, and confidence.

The breakthrough is called Beyond Human Testosterone.

It's a drug-free, two-capsule-a-day formula that is growing more popular with healthcare professionals and men looking for a painless, prescription-free fix.

## Live and Love, Younger

Users report better sex, increased mental focus, alertness, and productivity, increased muscle mass, energy expenditure, and smoother, more 'touchable' skin.

"Beyond Human Testosterone is an impressive formula," says physician Dr. Steve Klayman.

"Its ability to stimulate the body into producing more testosterone makes it perfect for every man who wants to boost his sexual response, improve his physical appearance, brighten his moods, and slow the rate at which his body is aging."

Kevin J. San Angelo, Texas is in full agreement. He has his life back.

## Hard as Steel

"I've had problems sustaining my erections," confesses Kevin.

"I tried Beyond Human Testosterone and my erection was unusually hard and I lasted longer than I have in years."

Reactions like this are not surprising to Dr. Klayman

## Raises Testosterone

The formula pairs dual, testosterone-boosting plant extracts from eurycoma longifolia and fenugreek seed.

These unique plant chemicals work synergistically to stimulate and increase natural testosterone production.

The result is markedly higher levels of free testosterone in the body.

## Bed-Vroom!

"Thanks to Beyond Human Testosterone, I've gone from having sex once a week, or sometimes less, to three or four times a week," laughs Jim K.

"On our last vacation in Mexico, my wife and I were at it almost every day and night. It was like being on our honeymoon again."

When testosterone is replenished, regardless of age or physical state of health, any man can enjoy a more powerful sex drive, enhanced sexual function, increased energy levels, and a far more pleasurable sexual experience.

Increasing levels of testosterone is, by itself, may not be enough to fully restore waning sexual powers, warns Dr. Klayman

With age and the natural upheaval in hormonal balance, some men, by no fault of their own, will begin to convert testosterone to... estrogen.

## A Monkey Wrench?

Ever seen a man with pronounced 'man boobs'?

This is often caused by this unwanted shift in estrogen-testosterone balance.

The Beyond Human Testosterone formula prevents this with the addition of a remarkable phytonutrient called diindolylmethane, or DIM.

DIM helps safeguard and protect a man's testosterone reserves.

## Guarding Testosterone

In studies, DIM has been shown to promote healthy estrogen detoxification and elimination from the body, thus supporting overall hormone balance.

Formulators have included another clinically tested extract, Rhodiola rosea that promotes a calmer yet more alert mind, paired with increased physical strength and stamina.

The effects of these performance-boosting extracts are further magnified and intensified by the addition of piper nigrum, an extract that increases uptake and assimilation of other nutrients.

The addition of two critical minerals, zinc and magnesium, along with an abundant dose of pyridoxine, or vitamin B6 help improve micro-circulation.

## Best Friend Re-Appears

Susan M. who lives in a large city on the west coast writes about her husband's night-and-day turnaround,

"Mark has been on Beyond Human Testosterone for four weeks and the changes are miraculous. He's like his old self again."

"My husband's moods have perked up," says Susan.

"He's a lot more adventurous. Romance-wise, it's like it was when we first met," she smiles.

"He's caring, adventurous, and extremely passionate. I've got my best friend back!"

## Defeating 'Man'-opause

"I just have to say how much better I feel since starting on Beyond Human Testosterone," says Larry D. from Philadelphia.

"I admit, I thought 'male menopause' was a bunch of baloney, but when I read your Report on 'Surviving Manopause,' it was like looking in the mirror. I thought I was just getting old. Now I know better. Your formula has given me a new lease on life!"

## Time to Man-Up?

If you believe that you are actually running on empty, instead of just growing old, here's your risk-free opportunity to do something about it.

In a very short while, you can be enjoying the energy, strength, confidence, and sexual command that you wielded when you were younger. No doctor, no needles, no drugs.

# JANE'S FONDA PERKINS!

JANE FONDA made her big screen debut opposite ANTHONY PERKINS in the unheralded 1960 flick *Tall Story*. The beauty plays a college coed looking for a hubby and sets her sights on a basketball star portrayed by Perkins. The romantic comedy was a far cry from his next film, the spine-tingling Hitchcock classic *Psycho*, where Perkins shined as demented killer Norman Bates. Fonda's breakout role came five years later playing the title character in the offbeat western *Cat Ballou*.

## Mermaid Reunites Long Lost Lovers

*The perils of the sea are no match for the mermaid's treasure known as aquamarine.*

Ever since ancient times, sailors have sworn by aquamarine as a talisman and protector for anyone traveling on the open water. According to legend, aquamarine originated in the treasure chest of mermaids, and has since ancient times, been regarded as "the sailor's lucky stone."

We've heard the legend of men heading out to sea with an aquamarine amulet around their neck and once they safely return, that same stone becomes a ring for their sweetheart. That romantic tradition is carried forward in our stunning Aquamarine Ice Ring.

Derived from the Latin words for "water of the sea," the refreshing blue aquamarine gemstone is embraced by a polished, .925 sterling silver setting and surrounded by shimmering white DiamondAura®—our signature lab-created stone. You get the full effect of the aquamarine in a stunning 1.40 carat emerald cut, which floods the icy blue color with waves of brilliant light.

Aquamarine has excellent clarity and transparency. In fact, a member of the beryl family, aquamarine is a sister of the rich green emerald. And, with its gorgeous baby blues, it's easy to see why the emerald may get a tad green with envy.

You can easily find one carat aquamarine rings for over \$5,000 at Fifth Avenue jewelers. Bringing you luxury for less is our

mission at Stauer, so we priced our Aquamarine Ice Ring so you can make a splash without shelling out too many clams.

No need to test the waters. Slip this remarkable ring on her finger and create a legend of your own without risking the perils of the sea.

**Your satisfaction is 100% guaranteed.** Wear the Aquamarine Ice Ring for 60 days and if you're not completely delighted, send it back for a full refund of your purchase price. So, go ahead and make a splash!
